

Trados Studio Level 2 eLearning

Maintaining Translation Memories

This eLearning course provides an overview of how to open a TM and perform some basic maintenance tasks in a Studio translation memory.

TARGET AUDIENCE

This course is for translators who already have some experience using Trados Studio and want to improve their expertise in the use of the product.

LEARNING OBJECTIVES

This eLearning course will illustrate how to perform some basic maintenance tasks in a Studio translation memory, such as browsing the TM, editing and deleting translation units, and performing searches.

COURSE DURATION

The course is 20 minutes in duration and can be viewed and then used as a post-course reference tool.

COURSE DETAIL

The course will cover the following topics:

- Introduction to TM maintenance
- Opening a translation memory
- Browsing the TM
- Editing and deleting TUs
- Search and Replace

DELIVERY

This eLearning course is hosted in our RWS University learning portal. Each user will be given individual access to the course and will be able to take it at their own pace.
