

Trados Studio Level 2 eLearning

Working with Cloud-based Resources

This course aims to teach how to maximize the potential of Cloud-based resources within Trados Studio.

TARGET AUDIENCE

This course is for translators who already have some experience using Trados Studio and want to boost their productivity by using cloud-based resources in their Studio application.

LEARNING OBJECTIVES

Users will learn the ins and outs of efficiently creating, managing, and leveraging cloud-based translation memories and termbases, as well as integrating neural machine translation (NMT) engines into their workflow and using them in the Studio desktop application.

COURSE DURATION

The course is 1 hour in duration and can be viewed and then used as a post-course reference tool.

DELIVERY

This eLearning course is hosted in our RWS University learning portal. Each user will be given individual access to the course and will be able to take it at their own pace.

COURSE DETAIL

The course will cover the following topics:

- Introduction to Cloud-based Resources
- Cloud-based Translation Memories
- Cloud-based Termbases
- Setting up a Translation Engine
- Using Cloud-based Resources from Trados Studio
- Knowledge Check
- Summary
